

The Tower Ravens-Fiction And Reality.

This project gave me the opportunity to feel myself successful. I was greatly interested in it. I am sure that my future independence and responsibility, curiosity and creativity, critical thinking and communication skills depend on such kind of projects.

What is this training project for me?

I've jointed cognitive training research and expearesed the cooperative work with my teacher.

My success largely depended on the active support and participation of my parents.

HOW DID THE LEGEND OF THE RAVENS APPEAR?

Working on the project I've found the answers to the following questions:

Why have the Tower ravens been so popular for many centuries?

How did the legend begin?

How did my parents help me?

They helped me to summarize the results of my research activities at each stage of my project.

THEY ASKED ME QUESTIONS!

What have you learned?

How do you evaluated your work?

What part of the project was the most memorable and interesting?

How well have you organized your work?

Topics for self-study:

Why do the Tower Ravens attract the attention of tourists from all over the world? Information about the ravens of the Tower, their current living and diet.

I'VE FOUND THE ANSWERS TO THESE QUESTIONS!
